

Techno-Pôle

"The Ark" Foundation for the Promotion of Innovation, which specialises in the Internet of Things and mobile communication, is a natural fit for the place. It houses a IT business incubator and research institutes.

The Techno-Pôle site is enriched with an Entrepreneurship Centre ("Maison de l'entrepreneuriat"). An idea factory to improve business services (Innovation Hub), HES

SO Valais projects, incubators, training spaces, this "Maison" designs the economy of tomorrow. Under the same roof, teachers, researchers, students and entrepreneurs work together. A restaurant completes the picture.
